Aspiring Full-Stack Developer | Building the Future, One Line of Code at a Time

- I am an aspiring full-stack web developer and software engineer passionate about building modern web applications. He has a strong foundation in JavaScript, TypeScript, Next.js, React.js, and Node.js, along with experience using Tailwind CSS, Shadcn UI, and Prisma for sleek and responsive UI/UX
 - I am actively learning and working on projects that integrate AI, video processing, and cloud storage solutions like AWS, Cloudinary, and Neon.tech. His interests include SaaS development, authentication (NextAuth, Kinde), and database management (Drizzle ORM, Prisma).
-

EDUCATION

Sindh agriculture university Sub Campus Umerkot

Bachelor of Science in information technology

- GPA: 2.39
 - Semester: 3rd
-

PROJECTS

E-COMMERCE WEBSITE | FULL STACK DEVELOPER

Tech Stack: MongoDB, Express.js, React.js, Node.js

[Live Demo](#)

- Developed a fully functional e-commerce web application with features for seamless user experience and secure transactions. Users can browse products, view detailed descriptions, manage a shopping cart, and complete orders with integrated payment options.
